COMMUNITY INVITED TO TRAILS PLANNING WORKSHOP

Saturday, January 23, 2010, 9:30 a.m. to 1:00 p.m.

Lower Lake Historic Schoolhouse Museum, 16435 Morgan Valley Road, Lower Lake

LAKE COUNTY, CA — The community is invited to participate in an interactive trails workshop to help plan Lake County's regional trails system. The workshop will be held on Saturday, January 23, 2010, from 9:30 a.m. to 1:00 p.m. at the Lower Lake Historic Schoolhouse Museum, located at 16435 Morgan Valley Road in Lower Lake.

Presented by the County of Lake, the National Park Service (Rivers, Trails, and Conservation Assistance Program), and Alta Planning, this community workshop will provide an opportunity to learn about the County's efforts to plan for and develop a network of trails and community pathway connections on and around Clear Lake.

The workshop, which is a follow up to a workshop held in September, will feature a presentation on the County's trails planning efforts, the results of the recently conducted trails community survey, breakout sessions to gather feedback about proposed trail concepts and ideas for potential connections, a trails open house, and an opportunity for "trail talk" with trail vendors and experts. Information tables will feature sample trail plans and documents. Volunteer opportunities for trails development also will be discussed.

Light lunch will be provided. After the workshop, attendees can choose to participate in an optional one-hour guided hike through Anderson Marsh State Historic Park (weather permitting).

Be a part of this workshop and help shape a trails system that will meet community needs and encourage tourism by making Lake County a world-class trails destination.

For information on the County's trails development efforts, go online to www.konoctitrails.com or contact the Lake County Public Services Department at (707) 262-1618.
