FOR IMMEDIATE RELEASE

May 22, 2009

LAKE COUNTY FARM STANDS AND FARMERS' MARKETS OPEN FOR THE 2009 SEASON

Lake County, CA – Beginning this month, prepare to savor the flavors of Lake County produce and farm fresh products as farm stands and farmers' markets open for the 2009 season.

From eggs and honey, which are available locally year-round, to plant starts, lettuce, strawberries, broccoli, beets, cauliflower, perennial plants, onions and more, are now available. As spring ends and summer begins, more summer produce, such as corn, peppers, beans, tomatoes, peaches, and world-famous Lake County Mountain Pears, will soon be available.

There are many locations around Lake County where you can purchase produce and farm products directly from the farmer, which helps support the entire community and allows you to receive fresh, wholesome, and locally-grown produce.

According to the Community Alliance with Family Farmers (CAFF), farmers today get less than 10 cents of the retail food dollar. Local farmers who sell directly to consumers cut out the many middlemen and get full retail price for their food - which means farm families can afford to stay on the farm here in Lake County, doing the work they love, and residents can help to ensure a local food supply and keep local tax dollars within the county.

The following sources offer Lake County-grown produce for purchase directly from the farmer:

Kelseyville Certified Farmers' Market

At Steele Wines, 4350 Thomas Drive, Kelseyville
Saturdays, 8:30 a.m. – noon, first Saturday in May through last Saturday in October
