2010 FISHING TOURNAMENTS IN LAKE COUNTY, CALIFORNIA

LAKE COUNTY, CA – Lake County has become an increasingly popular site for a growing number of fishing tournaments, derbies, and contests – from fun, themed derbies for the whole family to major tournaments where professionals from all over the world compete for points, prizes, and money.

In 2010, Lake County tournaments will be home to numerous tournaments each month with an action-packed year of fishing for amateurs and pros alike, including the Bassmaster Elite Series Golden State Shootout tournament March 18 – 21, 2010.

At the heart of Lake County is Clear Lake, which is California's largest natural freshwater lake with 68 square miles of surface area and 100 miles of shoreline and is truly an angler's paradise. Clear Lake has earned a reputation for being home to "monster bass" – the lake record for largemouth bass is 17.52 pounds – and it is often referred to as the "Bass Capital of the West."

The average tournament-winning weight for largemouth bass can exceed five pounds, a weight unmatched by any other lake in the nation. Clear Lake also boasts a large population of crappie, as well as huge catfish – with a 2009 record-breaker weighting in at 33.33 pounds that was released back into the lake – and 20-pounders not at all uncommon.

Beyond Clear Lake, several other lakes in the area provide opportunities for a wide range of fishing experiences, including the clear waters of spring-fed Upper Blue Lake where several lakeside campgrounds and resorts dot the shoreline; Lake Pillsbury, located in the expansive Mendocino National Forest; and for those seeking solitude, remote Indian Valley Reservoir.
